Feritech is an equal opportunities employer and welcome applications from all candidates with relevant experience and qualifications.

General Information

Location	Feritech headquarters, Stithians in Cornwall, United Kingdom
Start date	As soon as we find the right candidate
Salary Hours Hols	£44-56k per annum, salary negotiable on experience. Working 37.5hrs /week. 33 days holiday per annum inc bank holidays.
Job role	<p>If you have great leadership skills and a strong engineering background, this is a great opportunity to play an important role in providing safe, on time and on budget projects to the offshore sector.</p> <p>As a Project Manager, you will oversee the delivery of a variety of projects, from inception to completion. These will consist of manufacturing projects for new build equipment, operational projects for live surveys and planned maintenance projects of rental equipment.</p> <p>In this important role, you will provide extensive technical support across the company, as well as providing technical advice on new and existing stock. You will be expected to manage the time of yourself and others effectively to meet often tight project deadlines.</p> <p>You will liaise with the whole company, contractors and suppliers and will always provide clear lines of communication. Commanding the respect of colleagues and contractors, you will seek to motivate and support them to perform at their best.</p>

Essential Prerequisites

- Extensive knowledge of delivering engineering projects to a similar or applicable industry.
- Exceptional communication skills, both verbal and written.
- Prior experience in using project management tools such as Microsoft Project or similar.
- Full, clean driving license
- The ability to travel globally if required

Preferred Prerequisites

- A higher-level qualification such as a degree or experienced based qualification
- An understanding of, or a fluency in a foreign language.
- An experience of working offshore.
- A valid BOSIET offshore survival qualification
